THE AFTER-DARK SCENE by William G. Frierson IV

Meatballs and ... Cocktails?

The Meatball Shop makes good meatballs. We already knew that. But it's started the (meat)ball rolling on a new boozy venture: Underballs. The newest Chelsea location of the popular NYC chain comes equipped with a subterranean bar, serving a special menu of the scrumptious namesake orbs (think: bratwurst blend in a beer-infused mustard sauce) with locavore cocktails (Moscow Mule with Brooklyn Republic vodka) and "shop specialties" (care for a whiskey float?). Ball-tastic. | **Underballs at The Meatball Shop, 200 Ninth Ave., 212.257.4363**
