Software Installation Tutorials

HELLO WORLD IN ADA

ERIC Y. CHOU, PHD.   IEEE SENIOR MEMBER

Ada 2012

- Ada 2012 is the next generation of the world's premier programming language for engineering safe, secure and reliable software.

- In an era where software is literally touching every part of our lives, the need for safe and secure software has never been more relevant and more urgent. With decades of success in industries including avionics, aerospace, and defense, Ada is generating new interest in domains such as automotive, medical, and financial systems, where the cost of software errors can range from lost livelihoods to lost lives.

- Explore this site and learn about the features and benefits of Ada and why you should consider Ada 2012 for your next project.

Demo Program:
Hello World and Example 7.8

Demo 1: Existing Project. Example 7.8

(download adadef.zip)

Demo 2: Start a new project. Hello World Project.

Go GPS and Ada 2012!!!
