

This architectural floor plan illustrates the layout of a bank branch interior, including various rooms and proposed changes. The plan includes the following key areas and annotations:

- Exterior:** Shows a main entrance, a canopy, and a main entrance door labeled "R 70".
- Public Area:** A large open space with a "VESTIBULE" at the entrance.
- Information & Enquiries:** A room containing a "COLUMN", "CTU", and "RELOCATE QD".
- Interview Room:** A room containing "COLUMN", "A/C", and "PA".
- Secure Lobby:** A room containing "COLUMN", "CTU", and "RELOCATE QD".
- Office:** A room containing "COLUMN", "CTU", and "RELOCATE QD".
- Staff Room:** A room containing "COLUMN", "CTU", and "RELOCATE QD".
- Male Toilet:** A room containing "COLUMN", "CTU", and "RELOCATE QD".
- Female Toilet:** A room containing "COLUMN", "CTU", and "RELOCATE QD".
- Waste Store:** A room containing "COLUMN", "CTU", and "RELOCATE QD".
- Stationery Store:** A room containing "COLUMN", "CTU", and "RELOCATE QD".
- Records Store:** A room containing "COLUMN", "CTU", and "RELOCATE QD".
- Strong Room:** A room containing "COLUMN", "CTU", and "RELOCATE QD".
- Banking:** A room containing "COLUMN", "CTU", and "RELOCATE QD".
- Demolitions:** Red dashed lines indicate areas where existing structures will be removed.
- Proposed Wall:** Blue dashed lines indicate new wall locations.
- No Works Hatch:** A grey rectangular area representing a hatch.
- Key:** A legend defining the symbols used for demolition, proposed walls, and no works hatches.
- Notes:** Several notes provide specific instructions for layout changes and removals.

The plan also includes a detailed legend for symbols and a key for notes. The overall layout shows significant changes, particularly in the central public and office areas, to accommodate new requirements while maintaining existing functional spaces like the banking hall and strong room.
