[00:15](#)

We are going to take you from, I don't know how to build a website, I don't know even the right pieces to build a website to a fully functional church website. And we're going to do it step by step. We're going to walk you through everything you need to know to get that website up off the ground, get it started, and get it looking good. And helping that congregation by helping visitors find their location, by helping members get the details and the information they need, and by promoting the Gospel and the teaching and the ministries that are going on in that congregation. So let's get started right now.
