

**GASTERIA 'LITTLE WARTY'**

## IDEAL LIGHT

Prefers full sun but can tolerate shade and indoor growing.

## WINTER HARDINESS

Not frost tolerant - protect from freezing

## PROPAGATION METHODS

Offsets

## WATER NEEDS

Water only when soil is dry

## MATURE SIZE

5 inches tall | 4 inches wide

## ADDITIONAL NOTES

Don't let the name of this succulent scare you off! This adorable plant is great for beginners, and does well indoors. Small bumps run across thick green leaves, giving it the appearance of warts.

This succulent is often mistaken for *Gasteria maculata*, which looks similar, but doesn't have the "warts" on its leaves.
