

# CREATIVE ENHANCEMENT

---

IT'S LIKE A BOOB  
JOB FOR YOUR  
CREATIVITY!

# CREATIVE ENHANCEMENT

## ESSENTIAL INFO

First thing's first...

Take a deep breath.

Why do you create?

It's not a test, I promise.

I create because I enjoy the process, learning about the way products work together. I find it fascinating.

# CREATIVE ENHANCEMENT

## ESSENTIAL INFO

Now, tell me...

What are you afraid of?

Getting it wrong?

Ugly art?

Making a mess?

Be honest....

# CREATIVE ENHANCEMENT

## SOLVE IT!

- Experiment, make trial art
- It's not about perfectionism, it's about learning
- Don't panic!
- Let the layers dry
- Really don't like it? You can change it or even bin it!
- It's only paint and paper

## LEARN AND GROW

- What do you like? (colour, shape, texture?)
- What do you dislike?
- Look back, what went right?
- What (if anything) would you change?
- How did different products react?
- If you were to do it again, what would you do differently?

## GO OUT AND CREATE!

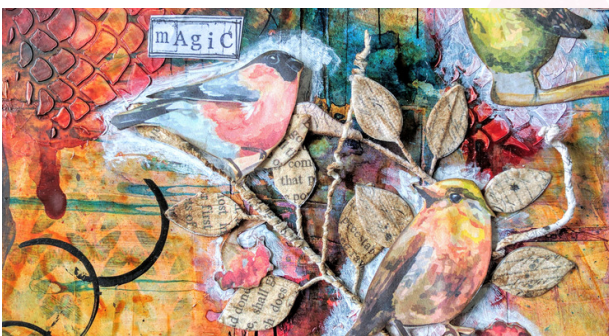

# Hi! I'M JENNY.

I'm a mixed media artist and I love playing about. Not all of my work is pretty - some of it is damn ugly! I want to share it all with you and help you to get out of your comfort zone and creating things you love. Join

me at [www.inkypawsart.com](http://www.inkypawsart.com)

There, you'll find classes, courses and buckets of inspiration and motivation to get out of your head. Better still - because I want to make creativity as accessible as possible - a lot of it is free!
