

GASTERALOE 'GREEN ICE'

IDEAL LIGHT

Prefers bright filtered but can tolerate shade and indoor growing.

WINTER HARDINESS

Not frost tolerant - protect from freezing

PROPAGATION METHODS

Cuttings and leaves

WATER NEEDS

Water only when soil is dry

MATURE SIZE

1 foot tall | 1 foot wide

ADDITIONAL NOTES

'Green Ice' is a slow-growing succulent with thick, flat variegated leaves. It's perfect for beginning succulent growers, or those wanting an indoor garden.

The leaves have gray spots and lines, with red and green tubular flowers, which attract hummingbirds.
