

CRASSULA 'TOM THUMB'

IDEAL LIGHT

Full sun to partial shade

WINTER HARDINESS

Not frost tolerant - protect from freezing

PROPAGATION METHODS

Offsets and leaves

WATER NEEDS

Water only when soil is dry

MATURE SIZE

6 inches tall

ADDITIONAL NOTES

This tiny succulent adds excellent “filler” and “spiller” in succulent arrangements. It can also be added to living succulent wreaths! ‘Tom Thumb’ grows quickly, with its bright green, triangle-shaped leaves stacking on top of each other. The edges of the leaves turn red when stressed.

‘Tom Thumb’ is the perfect succulent for miniature gardens, terrariums, and succulent projects! Many little clusters of white flowers bloom in the Spring.
