Constructed in 2011, Salesforce Tower comprises a striking skyscraper in the heart of the City of London and located virtually opposite the new Elizabeth line at Liverpool Street station.

The building benefits from an impressive triple height reception, featuring a stunning tropical aquarium, concierge reception and destination call lifts.

There are 37 office floors and the building totals approx. 450,000 square feet of Grade A office space with destination bars and restaurants at the very top of the building, which benefit from their own dedicated lifts.

- Available on an Assignment (Inside the Act) for a term expiring June 2023
- Second floor (12,950 sq ft) benefits from a high quality fit-out
