SAWTELL
(Coff's Harbour)

And why not holiday at SAWTELL?

SAWTELL is a quiet, self-contained, beachside village, 6 km south of **COFF'S HARBOUR** on a scenic loop road off the Pacific Highway. The township is bounded to the east by safe surfing beaches, to the north and south by unspoiled waterways and to the west by the panoramic mountain ranges.

SAWTELL is situated in the heart of the sub-tropical Bananacoast, with a mild winter and cool sea breezes prevailing in the summer.

By day, play sport or explore the regions attractions - its rain forests, its waterfalls, its valleys, its waterways, its beaches, its look-outs . . . Go see the Big Banana or a sea circus, mix with the animals at the wildlife sanctuary, see banana plantations, play putt-putt golf, see the Indian Temple, see handicraft exhibits.

By night, dine at our own licensed restaurant and enjoy delicious food (especially sea food) and a large variety of wines, or barbecue your own at our poolside. Perhaps you then may wish to visit one of the many clubs, discoes etc., in our area.

PENNANT COMPETITION BY-LAWS

1. The Pennant Competition shall be under the control of the appropriate District Committee or Major Grades Pennant Committee. These Committees are hereinafter referred to as the Committee.

2. Any question arising as to the interpretation or construction of these By-Laws shall be decided by the Committee.

3. The Committee shall have the power to impose such penalties as it may see fit for any breach of these By-Laws.

4.(a) The Committee shall have the power at any time to demand from any club or individual information regarding the circumstances under which any match has been played or respecting any matters relating thereto.

In the event of any club or individual declining or neglecting to supply such information within the time specified by the Committee such club or individual may be debarred from taking any further part in the Competition until such information is supplied, or for such other period as the Committee thinks fit.

4.(b) The Committee shall have the power to order any match to be replayed, either wholly or in part, and to alter or extend the time for playing the match.

4.(c) The Committee shall have the power at any time to disqualify any team or member of any team for such period as may be decided by the Committee on the grounds of misconduct, or to disqualify any team for such period as may be decided by the Committee for failure to be fully represented at a match or matches.

PROTESTS AND APPEAL

5.(a) All protests shall be lodged in writing with the relevant checker within four days of the date on which the alleged breach of these By-Laws was committed.

5.(b) A protest may be lodged by any club, whether or not such club was engaged in the match in connection with which a breach of these By-Laws is alleged to have occurred.

6.(a) All appeals against decisions or interpretations of the Committee shall be directed to the Council of the S.R.A. of New South Wales (hereinafter referred to as the Council).

6.(b) No appeal shall be made against the initial grading of teams, or the draw for play offs, semi finals, finals and grand finals.

6.(c) Unless an appeal against any interpretation or decision by the Committee under these By-Laws is lodged in writing with the Manager of the S.R.A. of N.S.W. within seven days from the notification of the decision of the Committee, the decision shall be enforced.

6.(d) If any appeal be duly lodged, a club, if disqualified, shall not be debarred from taking part in matches until the appeal has been heard. Should the appeal not be upheld, the decision of the Committee, as from the date of its notification of such decision to the disqualified club, shall be enforced.

ENTRIES IN PENNANT COMPETITION

7. An entrance fee as determined from time to time by the Council shall be charged for each team and shall be paid to the Manager at the time of entry. Entries received by the Manager after the specified date and time will not be accepted under any circumstances.

8.(a) The Committee shall have the right to restrict the number of teams from each club and to decide the grading thereof. The Committee shall also have the right to decide the number of grades and sections into which the competition shall be divided.

8.(b) The Committee shall have the power to decide in which grade or section of a grade any individual player shall compete.

9.(a) Each team must have a captain whose surname, address and telephone number (if any) shall be shown on the entry form.

(9.(b) If a team captain withdraws from a team, a substitute captain must be appointed and his name, address, and telephone number must be forwarded to the checker.

10. Only registered players who are members of a club which is affiliated with the S.R.A. of N.S.W. are eligible to compete in Pennant Competitions.

11. No club will be accepted for any competition unless it has paid all outstanding fines (for forfeits and late cards) remaining from the previous competition.

REGISTRATION OF PLAYERS

12.(a) No unregistered player shall play in any match.

If a team plays an unregistered player at No. 4 position then the team will score no points for that rubber; if the team plays an unregistered player at positions No 1, 2 or 3, then the team will score no points for any of those rubbers played, and in addition, will score no points for any rubber or rubbers played in a lower position. Such points will be awarded to the opposing team.

12.(b) The maximum number of players allowed to be registered in a team at any one time is seven. A player who withdraws through injury etc. may, at the discretion of the Committee, be replaced.

13.(a) To be eligible to play in the competition, each nominated player for any match must be a bona fide member of the club for which he is nominated. No player shall be eligible for nomination for more than one club, and no player shall be eligible to play before his nomination has been accepted by the Committee.

13.(b) No player shall be nominated by any club unless he has obtained, in writing, a financial clearance from his previous club.

13.(c) Any player found to be unfinancial will be deemed unregistered and the team shall forfeit points as stated in By-Law No. 12(a).

14.(a) No player having been nominated to play for any club, shall be allowed to transfer to another club between the date of such nomination and the completion of the competition for which he is nominated.

14.(b) No club shall have any claim upon the services of any player unless the player has indicated in writing that he is available to play for that club.

15.(a) Subject to anything contained elsewhere in these By-Laws, new players may be registered at any time. Registration must be in writing, and must be forwarded to the respective checkers. The registration must contain the player's full

name and details of his past performances, and must indicate his correct order in the team.

15.(b) Correspondence dealing with team changes and registration of new players must be sent direct to the relevant checker who will take action accordingly. If no reply is received within seven days of the postmark (or date of delivery, if delivered by hand), club secretaries can accept that the alterations and/or new registrations have been approved by the Committee.

15.(c) All correspondence, either to the checkers regarding team changes, registration of players, etc., or to the Manager will not be accepted unless signed by the secretary or the acting secretary of the club.

16. Any player who has been de-registered shall not be eligible to be re-registered for the remainder of the competition.

GRADING OF PLAYERS

17.(a) Clubs must grade all members of each team in their order of merit, and must inform the Committee of such gradings when the entry of each team is lodged. Where two teams are graded in the same grade, the team with the lower number is considered to be the higher graded team (e.g. a club has team No 3 and team No 4, both graded C2. The players in the No 3 team are all regarded as being graded higher than any of the players in the No 4 team).

17.(b) If the Committee grades two (or more) teams in the one section of a grade (contrary to the club's requested gradings) changes in team personnel between the teams so graded may be allowed at the discretion of the Committee.

17.(c) No alteration of the graded order submitted on the entry forms will be permitted prior to the commencement of the competition. Clubs may alter the graded order of members of teams only once during the course of the competition. The amended order shall be effective from the eighth round and these alterations must be in the hands of the relevant checkers before the commencement of round seven. Team alterations should always be prepared in accordance with the order of merit of players.

17.(d) The Committee shall have the power to decide, and alter the correct order of merit of any player and to accept or reject any alteration to the order of merit specified on the entry form.

17.(e) Should a team fail to play its members in the correct order of merit as last informed in writing to the Committee, then it shall score no points for all rubbers which are played out of order and such points shall be awarded to the opposing team. This By-Law applies only in instances where rubbers are actually played (see By-Laws 19(c) and 19(d) re teams forfeiting a rubber or rubbers.

17.(f) In the event of any dispute arising over the playing order of any team, the match shall be played under protest, and the Committee shall determine the matter on receipt of the protest in writing from the Club.

17.(g) The committee shall have the power to accept or reject late registrations, and to decide the order of merit of such late registrations.

FORFEITS AND SUBSTITUTES

18.(a) A player, once graded, shall not play in a lower grade or section without the express permission of the Committee.

18.(b) A player may be elevated to play not more than three matches in a higher grade or section of a grade without penalty. When a player has played four matches in a given grade or a higher grade, he shall not be eligible to play in a lower grade than that given grade or higher grade. (For example: A player is registered in C6; he plays 4 matches in his own grade, 1 match in C4, 2 matches in C3 and 1 match in C2. He has now played four matches in C4 or higher, and so cannot play below C4. If he then plays another match in C3 or above, he will then become ineligible to play C4).

18.(c) If a player plays four or more matches in any grade or grades higher than the grade in which he was originally nominated and subsequently plays in his nominated (or lower) grade then the team will score no points for that rubber and in addition will score no points for any rubber or rubbers consequently played out of order. Such points will be awarded to the opposing team.

18.(d) When a player becomes ineligible for the grade in which he was originally nominated, through promotion, he still retains the last nominated order of merit in his original team as notified to the Committee under By-Law 17(a) and (b).

18.(e) No player shall be permitted to play in more than one team in the same section of a grade.

19.(a) A registered player may play as a substitute instead of any player who is unable to take part in a match. The players must then conform to their correct grading as notified to the Committee under By-Law 17(a) and (b).

19.(b) If any team shall receive a walk-over from any other team, it shall be awarded all rubbers, games and points. In the event of a default occurring in any match which has been commenced, the team not defaulting shall be awarded all uncompleted rubbers, games and points.

19.(c) If, before a match commences a team wishes to forfeit a rubber or rubbers, the team must forfeit at number 4 position and the remaining players must play in the correct order viz. position numbers 1,2 and 3. If it is necessary to forfeit more than one rubber the team must forfeit at No 4 position first No 3 position second and so on.

19.(d) If after a match has commenced, a team forfeits at number 4 position then the team will score no points for that rubber. If, after a match has commenced, a team forfeits a rubber or rubbers at positions number 1, 2 or 3 then the team will score no points for the rubber or rubbers forfeited at positions number 1,2, or 3, and, in addition will score no points for the rubber played at number 4 position in the match unless the player or players who have been forfeited subsequently arrive at the Courts prepared to play before play in the last rubber has ceased.

19.(e) In the event of a match being postponed or play suspended until a date subsequent to that on which play commenced, or it becomes necessary to transfer a match to a different venue on the same day, the members of either team shall not be altered as listed under By-Law 23(b) unless the opposing team captain agrees otherwise.

Rubbers which have been completed shall not be replayed and the results shall stand. If play in a rubber is suspended and played again on a different day or transferred to a different venue on the same day the rubber shall start afresh unless both team captains agree otherwise.

19.(f) Where a forfeit occurs the word "forfeit" is to be written on the result card instead of the name of the player or players who forfeited and the opposing player is to be recorded as winning the match 27 points to NIL. If a player's name is written on the result card, this is a statement that the player or players participated in the match. The player or players claiming the forfeit must be present at the court ready to play otherwise it will be considered that both players have forfeited.

19.(g) Any instance where a player's name (or names) is written on the result card as though the rubber had been played and in fact was not played will be treated as a forfeit and By-Law 19(d) will apply. In addition such other penalty as decided by the Committee may be imposed.

19.(h) A player may play in one rubber only. After play in a rubber has commenced neither player may subsequently abandon play in that rubber and play a rubber in any other position. Such an occurrence will be treated as a forfeit for the rubbers concerned.

19.(i) In all instances of forfeits the points are awarded to the opposing team and a fine as decided by the Committee will be charged for each rubber forfeited.

PENNANT COMPETITION MATCHES

20. All matches shall be played under the Laws of the game as adopted by the Squash Rackets Association of N.S.W. the interpretation of which shall devolve upon the Committee.

21.(a) Four players from each team shall compete and each player shall play a rubber against one of the opposing teams and each rubber shall be the best of five games. In each match the No. 1 players from each team will play each other, the No. 2 players will play each other, and so on.

21.(b) Each of the four rubbers in a match must either be played or forfeited. A player or players may not concede a rubber or rubbers.

21.(c) When a rubber is in motion and one player leads by one game, i.e. 1-0, the captain must advise which number players are to go on next, and the nominated players must change immediately, and be ready to start their rubber as soon as the court is vacant.

22. At the beginning of each home and away match the home team shall provide one new ball as approved by the Committee. Should the ball break or otherwise be replaced in accordance with the Rules of Squash Rackets the home team will supply a further new ball as approved by the Committee.

23.(a) In all home and away matches the visiting team shall have the right to decide which players shall play first rubber and which players shall play the third rubber, and the home team shall decide which players shall play in the second rubber.

23.(b) Before a match commences each team captain must list his team by name and position in writing. Lists are to be exchanged simultaneously by team captains and, once exchanged, the players as listed may not be altered without the approval of the opposing team captain.

23.(c) In Semi-Final, Final or Grand Final Matches or any match other than home and away matches the team shall toss and the team losing the toss shall be deemed to be the home club and the provisions of the By-Law 23(a) shall apply in respect to the order in which rubbers are played.

The provisions of By-Law 22 shall apply for provision of the ball excepting that the home club shall provide the ball for the 1st and 3rd rubbers and the visiting team shall provide the ball for the 2nd and 4th rubbers.

24.(a) All matches will be marked and refereed in accordance with the Rules of Squash Rackets.

24.(b) In home and away matches each team shall provide either a marker or referee alternately for each rubber. The home team shall provide the referee for the 1st rubber and the visiting team the marker.

The marker or referee provided by each team shall be a registered playing member of the team or a substitute player as provided in By-Law 18(b) unless both captains agree otherwise.

24.(c) In Semi-Final, Final and Grand Final Matches or any other match other than home and away matches markers and referees shall be provided as decided by the Committee.

24.(d) A referee may be changed provided both team captains agree to do so.

24.(e) The New South Wales Referee's Association, may with the consent of both team captains, arrange for a referee to be tested in home and away matches.

25. All clubs shall notify the Committee of the nights and times of commencement of play for home matches in respect of each of their teams when entries for teams are lodged. The nights and times will be set out in the Competition draw and will be adhered to throughout the Competition. The commencing time shall not be prior to 6.30 p.m. and no later than 8.00 p.m. and the nights shall not differ from those designated by the Committee when calling for entries, without in either case the express approval of the Committee.

26. No alterations shall be made to the places and dates set down, unless with the previous consent of the Committee. Should a match not be played on the night arranged then the team in default shall be deemed to have been defeated, provided, however, that the question as to whether a team is in default or not shall be decided by the Committeee.

27.(a) If play in a match has not commenced within ten minutes of the specified time, as stated in the Pennant Competition Official Programme or Competition draw, the team at fault shall lose one rubber as nominated by the opposing team captain. A further ten minutes grace shall be allowed after each rubber for the succeeding rubber to commence. If play does not commence at the expiration of such time the defaulting team shall lose a further rubber or rubbers as nominated by the opposing team captain.

27.(b) If both teams default in entirety the match shall be cancelled and neither team shall score any points.

28. For all matches played during the Competition points shall be awarded as laid down by individual District Committees.

29. Clothing worn by players shall be in accordance with the Rules of Squash Rackets. Clothing of a light pastel colour may be worn. The soles of footwear must be of such a nature that the soles do not mark the court.

30.(a) The winning team (or the home team in the event of a draw) shall forward the result of each match on the authorised card to the checkers of the Committee.

Such cards must be signed and certified as correct by the captain of each team or his nominee, and must be in the hands of the checkers not later than 5.00 p.m. on the Monday after the Match has been played or by such other time as the Committee shall specify.

30.(b) If a team plays in major Grade Competition then the result card must be sent to the Honorary Registrar. If a team

plays in a District Competition then the result card must be sent to the respective checker. Different result cards are provided for Major Grade Competition and for each of the District Competitions.

30.(c) A fine as specified by the Committee shall be charged for any result card not received within the proper time.

In the event of two or more teams being equal on premiership points for fourth position at the conclusion of the home and away matches, and it being necessary to decide which of them shall play in any Semi-Final match, such decision shall be arrived at by a play-off.
