📌 Food/Wine Add / Edit

Roy Choi collaborates with a pair of his old friends, Daniel Holzman and Michael Chernow of New York City's Meatball Shop, for a night at Choi's Venice resto, Sunny Spot. Expect signature items from Meatball Shop's popular menu along with a meatball Choi created especially for the evening. Also, Vans sneakers have designed a limited-edition shoe that guests can win between bites of all the delicious meatballs, salads, and sides.
