

Hypnotherapy Prof College

Welcome to **Hypnotherapy Professional College**, aka. **HPC**

Congratulations on Choosing Hypnotherapy Professional College, we know you have a choice of Hypnotherapy Schools and look forward to getting to know you and learn about your goals as a student; whether you are adding Hypnotherapy to you existing practice, taking it for fun or getting ready to start your own business, our instructors are here to help, support and coach you all the way to success.

HPC's curriculum is not the easiest program but is the most intense that you will find out there to actually prepare you for your New Career as a 'Behavioral Therapist' or 'Hypnotherapist.' There are classes for Hypnotherapy that consist of weekend seminars, retreats or online courses but we have not found one yet that offers this degree of curriculum which prepares you for your life changing experience. You will complete over 500 hours of life changing learning to improve your life, behavior and habits as well as obtaining the knowledge and expertise to help others to change their lives. After completing the Master Certification with HPC you will be more than ready to begin your journey as a Hypnotherapist with all the knowledge and tools to help you succeed in your career. After you have graduated you will become a Master Hypnotherapist certified by IMDHA (International Medical and Dental Hypnotherapy Association)

If you are not able to become a member please notify your coach to see if we can help in any way.
 - i. www.audibles.com, on this site you can join for \$14.95 per month this will give you a book per month, in some cases required reading books may be cheaper then \$14.95 on this site, it is up to you to pay separately and keep your credit for different books.
 - ii. www.gaia.com, This is an app that you can download on your computer or TV the cost is approximately \$9.99 per month (HPC has nothing to do with this site, we only use it as a resource to help keep the costs low for our students). Much of our video learning is on Gaia TV trying to avoid our student from having to find different books and video at a much higher cost. Many students share the gaia account with eachother, this is up to you.
 - iii. www.amazon.com, on this site you can purchase New or Used books or videos required to complete this course. We always suggest purchasing used.
