

Courts get facelift thanks to Squash SA grant

At the December 13th Board meeting, applications from court owners were considered for funding under the recently introduced **Facilities Enhancement Grant** (F.E.G.) program.

Applications for the F.E.G. funding were received from across the state as venue owners & operators were able to take advantage of a new funding opportunity and make improvements to their sites. The Board agreed that everyone had taken time, care & given much thought to what could be achieved in their centre with the maximum \$10,000.00 grant on offer.

Squash SA is pleased to announce the following successful applicants:

Naracoorte Squash Centre – up to \$10,000 to replace floors on all courts

West Adelaide – up to \$10,000 to repair walls & paint two courts and replace the front counter

Norwood – up to \$10,000 to upgrade reception area & all aspects of court maintenance, including lighting

Adelaide Malibu – up to \$7,840 to resurface & paint court walls

Somerton – up to \$7,139 to replace roof sheeting and install heat extractors

Squash SA will make the Facilities Enhancement Grant available each year with application forms all available to download from the web site. Keep up to date with all F.E.G. information at www.squashsa.asn.au
