WINTER HARDINESS

Not frost tolerant - protect from freezing

PROPAGATION METHODS

Leaves, cuttings, and offsets

WATER NEEDS

Water only when soil is dry

MATURE SIZE

2 feet tall | 2 feet wide

ADDITIONAL NOTES

'Fred' is simply an amazing succulent. It's normally a pinkish purple color, but can stress to almost any color of the rainbow in heat, cold, or with plenty of sunlight.

'Fred' is a survivor! You can cut off pieces of stem, wait for them to dry and they'll grow new plants! Many succulents do this, but Fred is one of the most determined succulent I've seen.
