Principal's Message

The California Military Institute (CMI) is now fourteen years old and is meeting the challenge of providing a unique high quality educational experience for those who seek a safe, secure, motivating, and disciplined place to learn. Our cadets continue to excel academically, as is evidenced by their performance on Smarter Balanced Assessment Consortium (SBAC). Out of all of our 11th grade students, 39.63 % met or exceeded the Math standards, and 83.96% met or exceeded the English Language Standards. Our high proficiency rate puts us in the top two percent of all schools in Riverside and San Bernardino Counties. 100% of seniors graduated on time. In addition, CMI provides tutoring, support classes, and online opportunities for students that seek broader "G" electives. CMI is fully accredited through the Western Association of Schools and Colleges (WASC). The school was granted a 6 year clear accreditation in March of 2015.

Our cadets continue to utilize the leadership training that is a hallmark of CMI. For example, CMI cadet leadership plans and executes the New Cadet Orientation, a three-day event held before the start of school and our cadet leaders also assist in training the new Battalions that are forming at other schools nearby. Each of these programs was planned by and conducted by the cadets at CMI – a true hands-on leadership experience. In addition to leadership at the site level, approximately ten CMI cadet leaders comprise the leadership staff for the 9th Brigade of the California Cadet Corps. Finally, our affiliation with the California Interscholastic Federation, Southern Section (CIF) gives every cadet an opportunity to participate in quality athletic competitions. We also offer a full slate of extracurricular activities for our 5th - 12th grade cadets, including 8th grade tackle football, intramural sports, tutoring, drill, and marksmanship programs. CMI cadets give back to their community, during the 2016-2017 school year, cadets volunteered in excess of 14,000 hours of service to the local community through events, parades, and other activities and were awarded the Unit Community Service Award through the California Cadet Corps. Cadets are encouraged to learn from their service and to value the positive effects of service to others. In the summer of 2017, over 20 CMI cadets received CERT training and certification through the California National Guard/Homeland Security. These cadets respond to all emergency drills, most notably the Great California Shakeout. Our 5th and 6th grade program continues to be hugely successful and popular. The demand for enrollment at CMI regularly exceeds the available number of seats. Consequently, waiting lists for new cadets are an annual occurrence and CMI has initiated a lottery system to ensure fairness for new applicants. We were able to add AVID 6,7,8,9 & 10 to our master schedule this year, and it was "G" approved.

We are proud of our accomplishments and look forward with enthusiasm to continuing growth.

Col. (CMI) Michael A. Rhodes
Principal/Commandant

Mission Statement
CMI Mission Statement
The Mission of the California Military Institute is to educate, train, and inspire the Corps of Cadets so that each cadet becomes a recognized leader of character dedicated to the values of honor, courage, and commitment and is prepared for a career of professional excellence and service to the community and Country.

PUHSD Mission Statement

The mission of the Perris Union High School District is to provide quality educational programs and meaningful opportunities which encompass the intellectual, social, emotional, and physical aspects of all students within the district and which will enable them to become productive members of society.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

All textbooks used in the core curriculum at California Military Institute are aligned to the California Common Core Standards and Frameworks. Standards-based instructional materials are approved by the district's Board of Trustees. The district follows the State Board of Education's six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health.

On Wednesday, September 20, 2017, the Perris Union High School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No. 5:11-12 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts, (3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and (4) sufficient laboratory science equipment was available for science laboratory classes offered in grades 9-12 inclusive.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2016-17 school year, Perris Union High School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to
take home. These materials complied with the state's content standards and curriculum frameworks.

School Facility Conditions and Planned Improvements (Most Recent Year)

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. California Military Institute's original facilities were built in 1960; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. In the last 12 months, the following improvements have been completed:

Every morning before school begins, the day custodian and campus safety officer inspect facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and two evening custodians are assigned to California Military Institute. The day custodian is responsible for:
- Classroom cleaning
- Lunch area setup/cleanup
- Office area cleaning
- Restroom cleaning
- Trash removal

Restrooms are checked frequently throughout the day for cleanliness and subsequently cleaned as needed. The evening custodians are responsible for:
- Classroom cleaning
- Common use area cleaning
- General use areas
- Office area cleaning
- Restroom cleaning
- Locker room cleaning

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

Facilities construction / improvement and maintenance projects:
Replacement/upgrade of HVAC units in boys and girls locker buildings (Coaches offices)
Repair/replacement of exhaust fans in boys/girls locker buildings
Repair/replacement of cold water system in D building
Electrical panel upgrade involving the boys and girls locker buildings to accommodate upgraded HVAC equipment
Ongoing maintenance of campus facilities, such as: concrete patching, maintenance painting, asphalt repair, electrical repair, and plumbing repairs.

Facilities Inspection
The district's maintenance department inspects California Military Institute on an annual basis in accordance with Education Code §17592.72(c)(1). California Military Institute uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on 08/26/2016. No emergency repairs were needed and no unsafe conditions were found. During fiscal year 2017-18, all restrooms were fully functional and available for student use at the time of the school inspection.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

• Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and

• The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement
The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):
• Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)
Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events. Parents stay informed on upcoming events and school activities through our PTA, letters home, parent conferences, progress reports, the school marquee, school website, Blackboard (automated telephone messaging system), and daily emails to parents called "Daily Briefing". Contact the assistant principal at (951) 443-2731 for more information on how to become involved in your child's learning environment. Parents can access the student database through Parent Portal and teacher websites such as Haiku and Google Classroom.

Opportunities to Volunteer:

State Priority: School Climate
The SARC provides the following information relevant to the State priority: School Climate (Priority 6):
• Pupil suspension rates;
• Pupil expulsion rates; and
• Other local measures on the sense of safety.

School Safety Plan
The Comprehensive School Site Safety Plan was developed for California Military Institute in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and discussed with school staff in Fall 2017.

* Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Professional Development provided for Teachers

All training and curriculum development activities at the California Military Institute revolve around the California Common Core Content Standards and Frameworks and the implementation of the Common Core State Standards. During the 2016-17 school year, the California Military Institute held staff development sessions devoted to:

- Implementation of Professional Learning Communities (PLC's)
- Focus and development of Common Formative Assessments.
- Project Lead the Way (PTLW)
- Implementation of Common Core State Standards in English Language Arts and Math
- AVID best practices campus-wide.

Decisions concerning the selection of staff development activities are performed by all staff members using tools such as teacher input and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. The California Military Institute supports ongoing professional growth throughout the year on late start days. Teachers meet in both grade level and department level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training session as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

Counseling & Support Staff
The California Military Institute employs professional, highly qualified staff that provide additional services and support centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to California Military Institute's students. Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.

Teachers attended the following professional developments training/workshops:

- AVID Summer Institute
- Advanced Placement (AP) Summer Institute
- Project Lead the Way (PLTW)
- ISTE conference
- RCOE training
- Educational Technology Training (e.g. GAFE, PBL, Nearpod, Classroom Mosaic, Edmentum)
- PLC training

The California Military Institute offers support to new and veteran teachers through peer coaching and mentoring. Substitute teachers are invited to participate in designated staff development activities. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

Types of Services Funded
CMI is funded through ADA (Average Daily Attendance) and, in addition, receives categorical funds in the form of a block grants. CMI provides a comprehensive course of study with an emphasis on college/university preparation. Through our general fund money, we support an active extra-curricular program which includes tutoring, athletics, clubs, military drill, and marksmanship. CMI does not receive Title I money or any other categorical funds and is not a Program Improvement school.

Career Technical Education Programs

Students of California Military Institute have access to CTE courses off campus through the Perris High School as well as alternative locations through city partnerships. For the 2017-2018 school year, CMI cadets can participate in additional elective and CTE offerings through online courses with Edmentum.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
