- Automatic acceptance of the confirmation will be recorded if no response after 3 business days.

Invoicing Guidelines:

- Click here to view the [New Invoice and Submission Requirements](#)

COVID-19 Expectations for Contractors and Technicians

At a minimum, technicians are expected to practice the following guidelines when performing work for Concert Technologies.

- Technicians will perform a daily health and wellness self-screen confirming they are symptom-free of COVID-19. In doing so, technicians will not have experienced COVID-19 symptoms (fever, cough, shortness of breath, new loss of taste or smell, fatigue, muscle aches, etc.) in the previous 72 hours and will not have a temperature of 100.4 or greater.
- Technicians will not have:
 - been advised to quarantine by a medical professional or public health official;
 - returned from any international travel or any inter-state travel that requires him/her to quarantine upon return; or
 - had close contact (e.g., within 6 feet for more than 10 minutes) with anyone known to have COVID-19.
- Technicians will wear face coverings when entering and moving around a facility. Technicians do not need to wear a face covering when working alone in a confined area unless it is required by the onsite customer.
- If a technician was previously diagnosed with COVID-19, he/she must not present any remaining symptoms, and it must be a minimum of 21 days since the onset of symptoms or since the last positive test, whichever is later.

In addition to these Concert Technologies guidelines, technicians must follow all customer guidelines and expectations while performing onsite work.
