Meatball Mania

Posted by [Lauren Gould](#)

[Spinach Basil Pesto
Chicken Meatballs](#)

It might not be raining meatballs just yet, but meatball mania is in full effect at [The Meatball Shop](#) in New York City. Daniel Holzman, executive chef and co-owner of The Meatball Shop is here to share some great recipes with Mario that you can try at home during the fall months. I've had these meatballs myself and they are definitely top-notch. The Jambalaya is NOT to be missed! Click below for recipes.
