

**CEPHALOCEREUS SENILIS**  
**“OLD MAN CACTUS”**

## IDEAL LIGHT

Prefers full sun but can tolerate shade and indoor growing.

## WINTER HARDINESS

Not frost tolerant - protect from freezing

## PROPAGATION METHODS

Seeds

## WATER NEEDS

Water only when soil is dry

## MATURE SIZE

50 feet tall | 18 inches wide

## ADDITIONAL NOTES

A popular potted cacti, “Old Man Cactus” is tall and cylindrical, covered from top to bottom in modified spines that resemble hair. These spines grow long, looking like the shaggy hair of an old man. Under the right conditions in the wild, “Old Man Cactus” can live to be 200 years old.
