The Nation Needs You

The nation is planning to implement an artificial womb seeding program, and the emerging power of the next Chinese generation urges your contribution.

We are currently seeking sperm and egg donors with the following requirements:

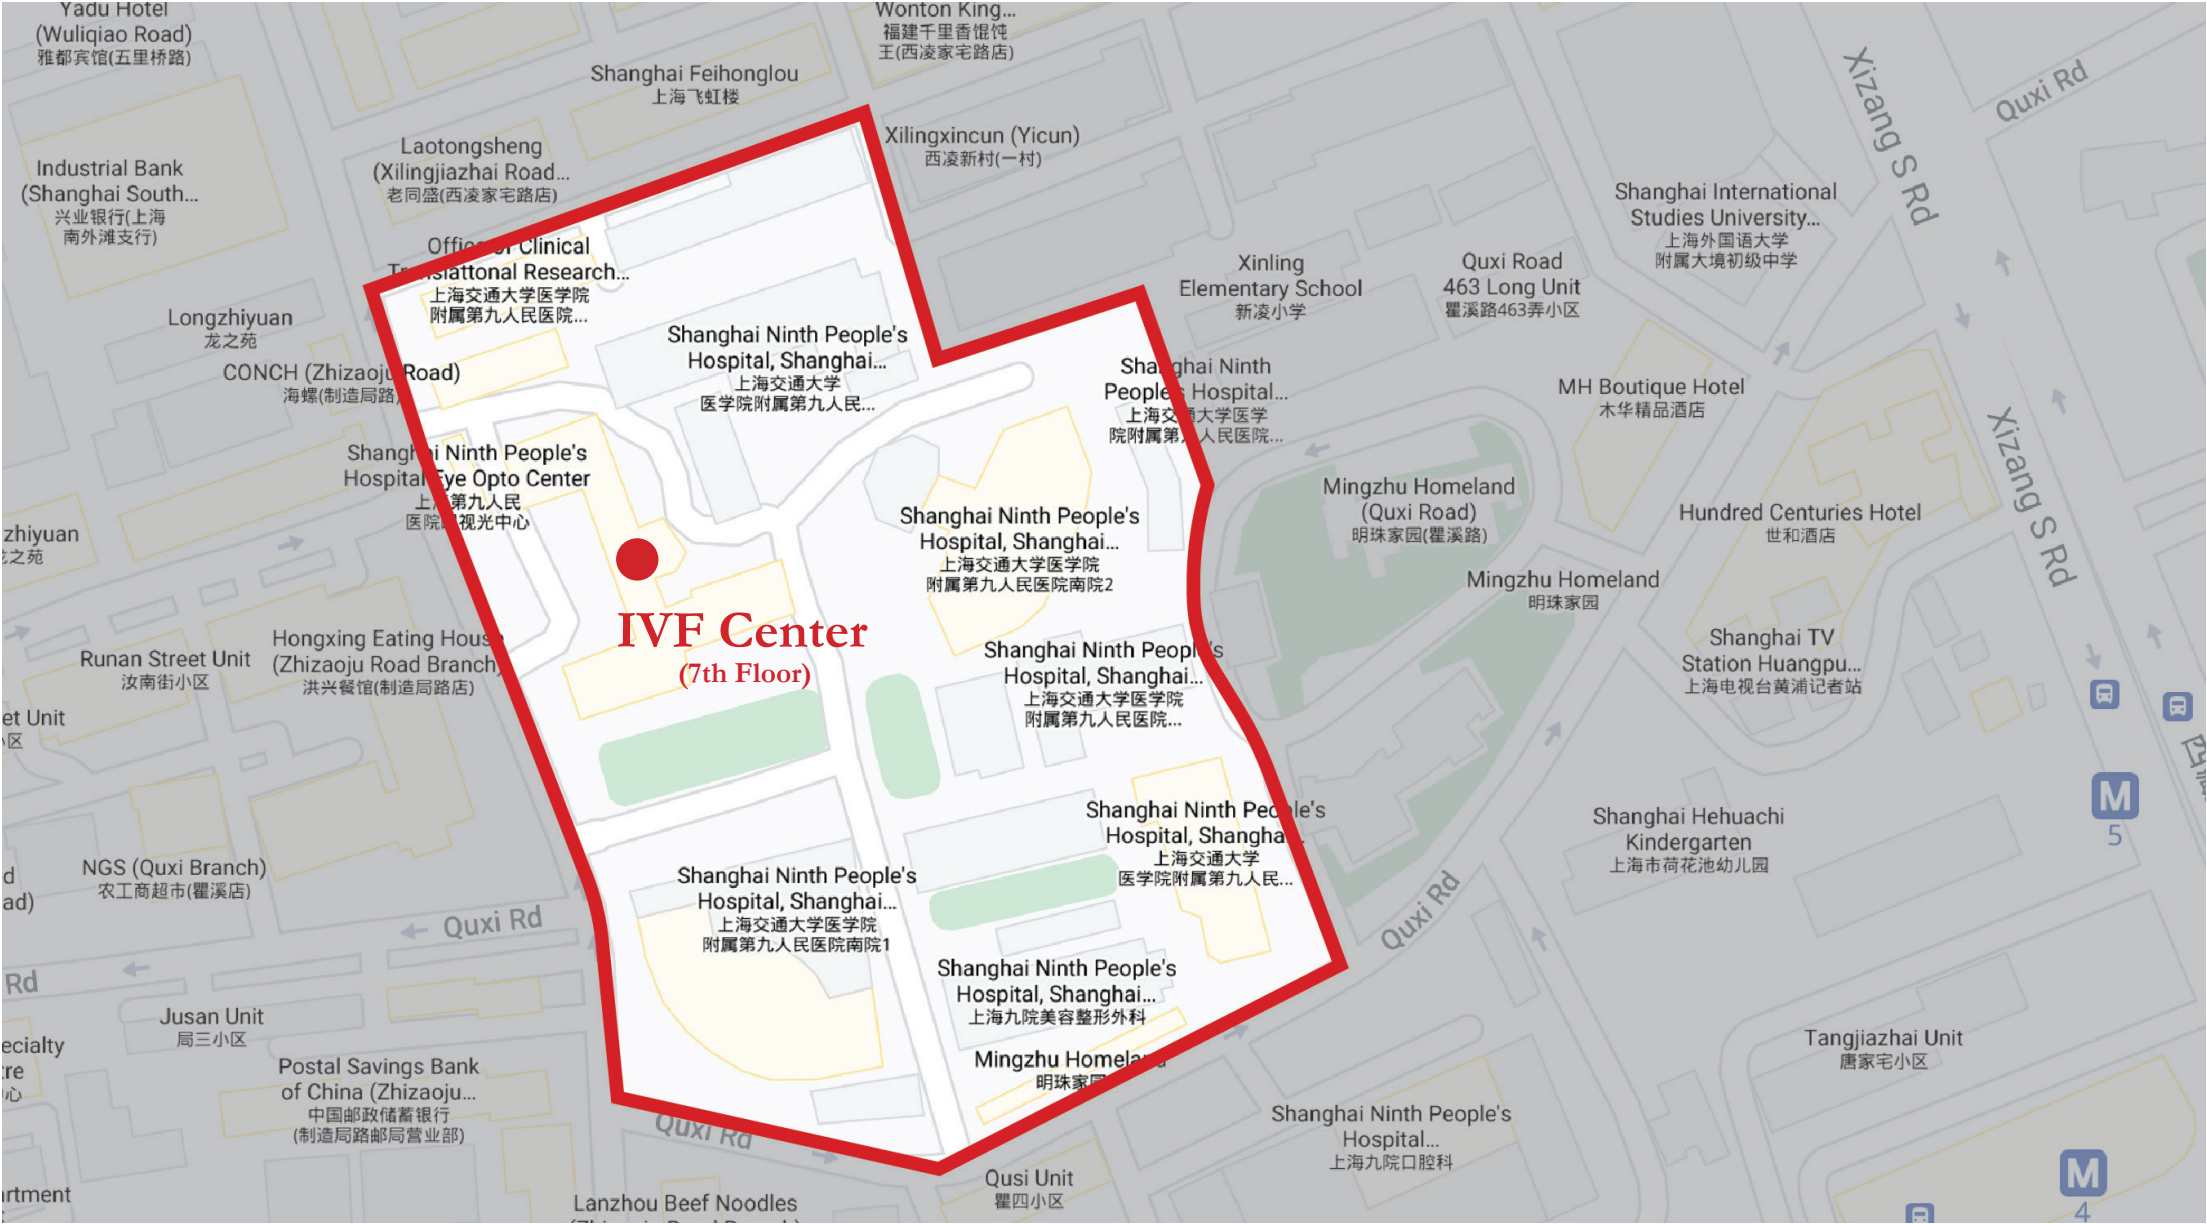

- 1. Good health, no history of genetic diseases
- 2. Willing to join the shared community life and take up the responsibility of caring for the nation's babies
- 3. No marriage requirement, you can join this pilot program with your significant other

The project is currently in the experimental observation phase, the program will be universal in 2040.

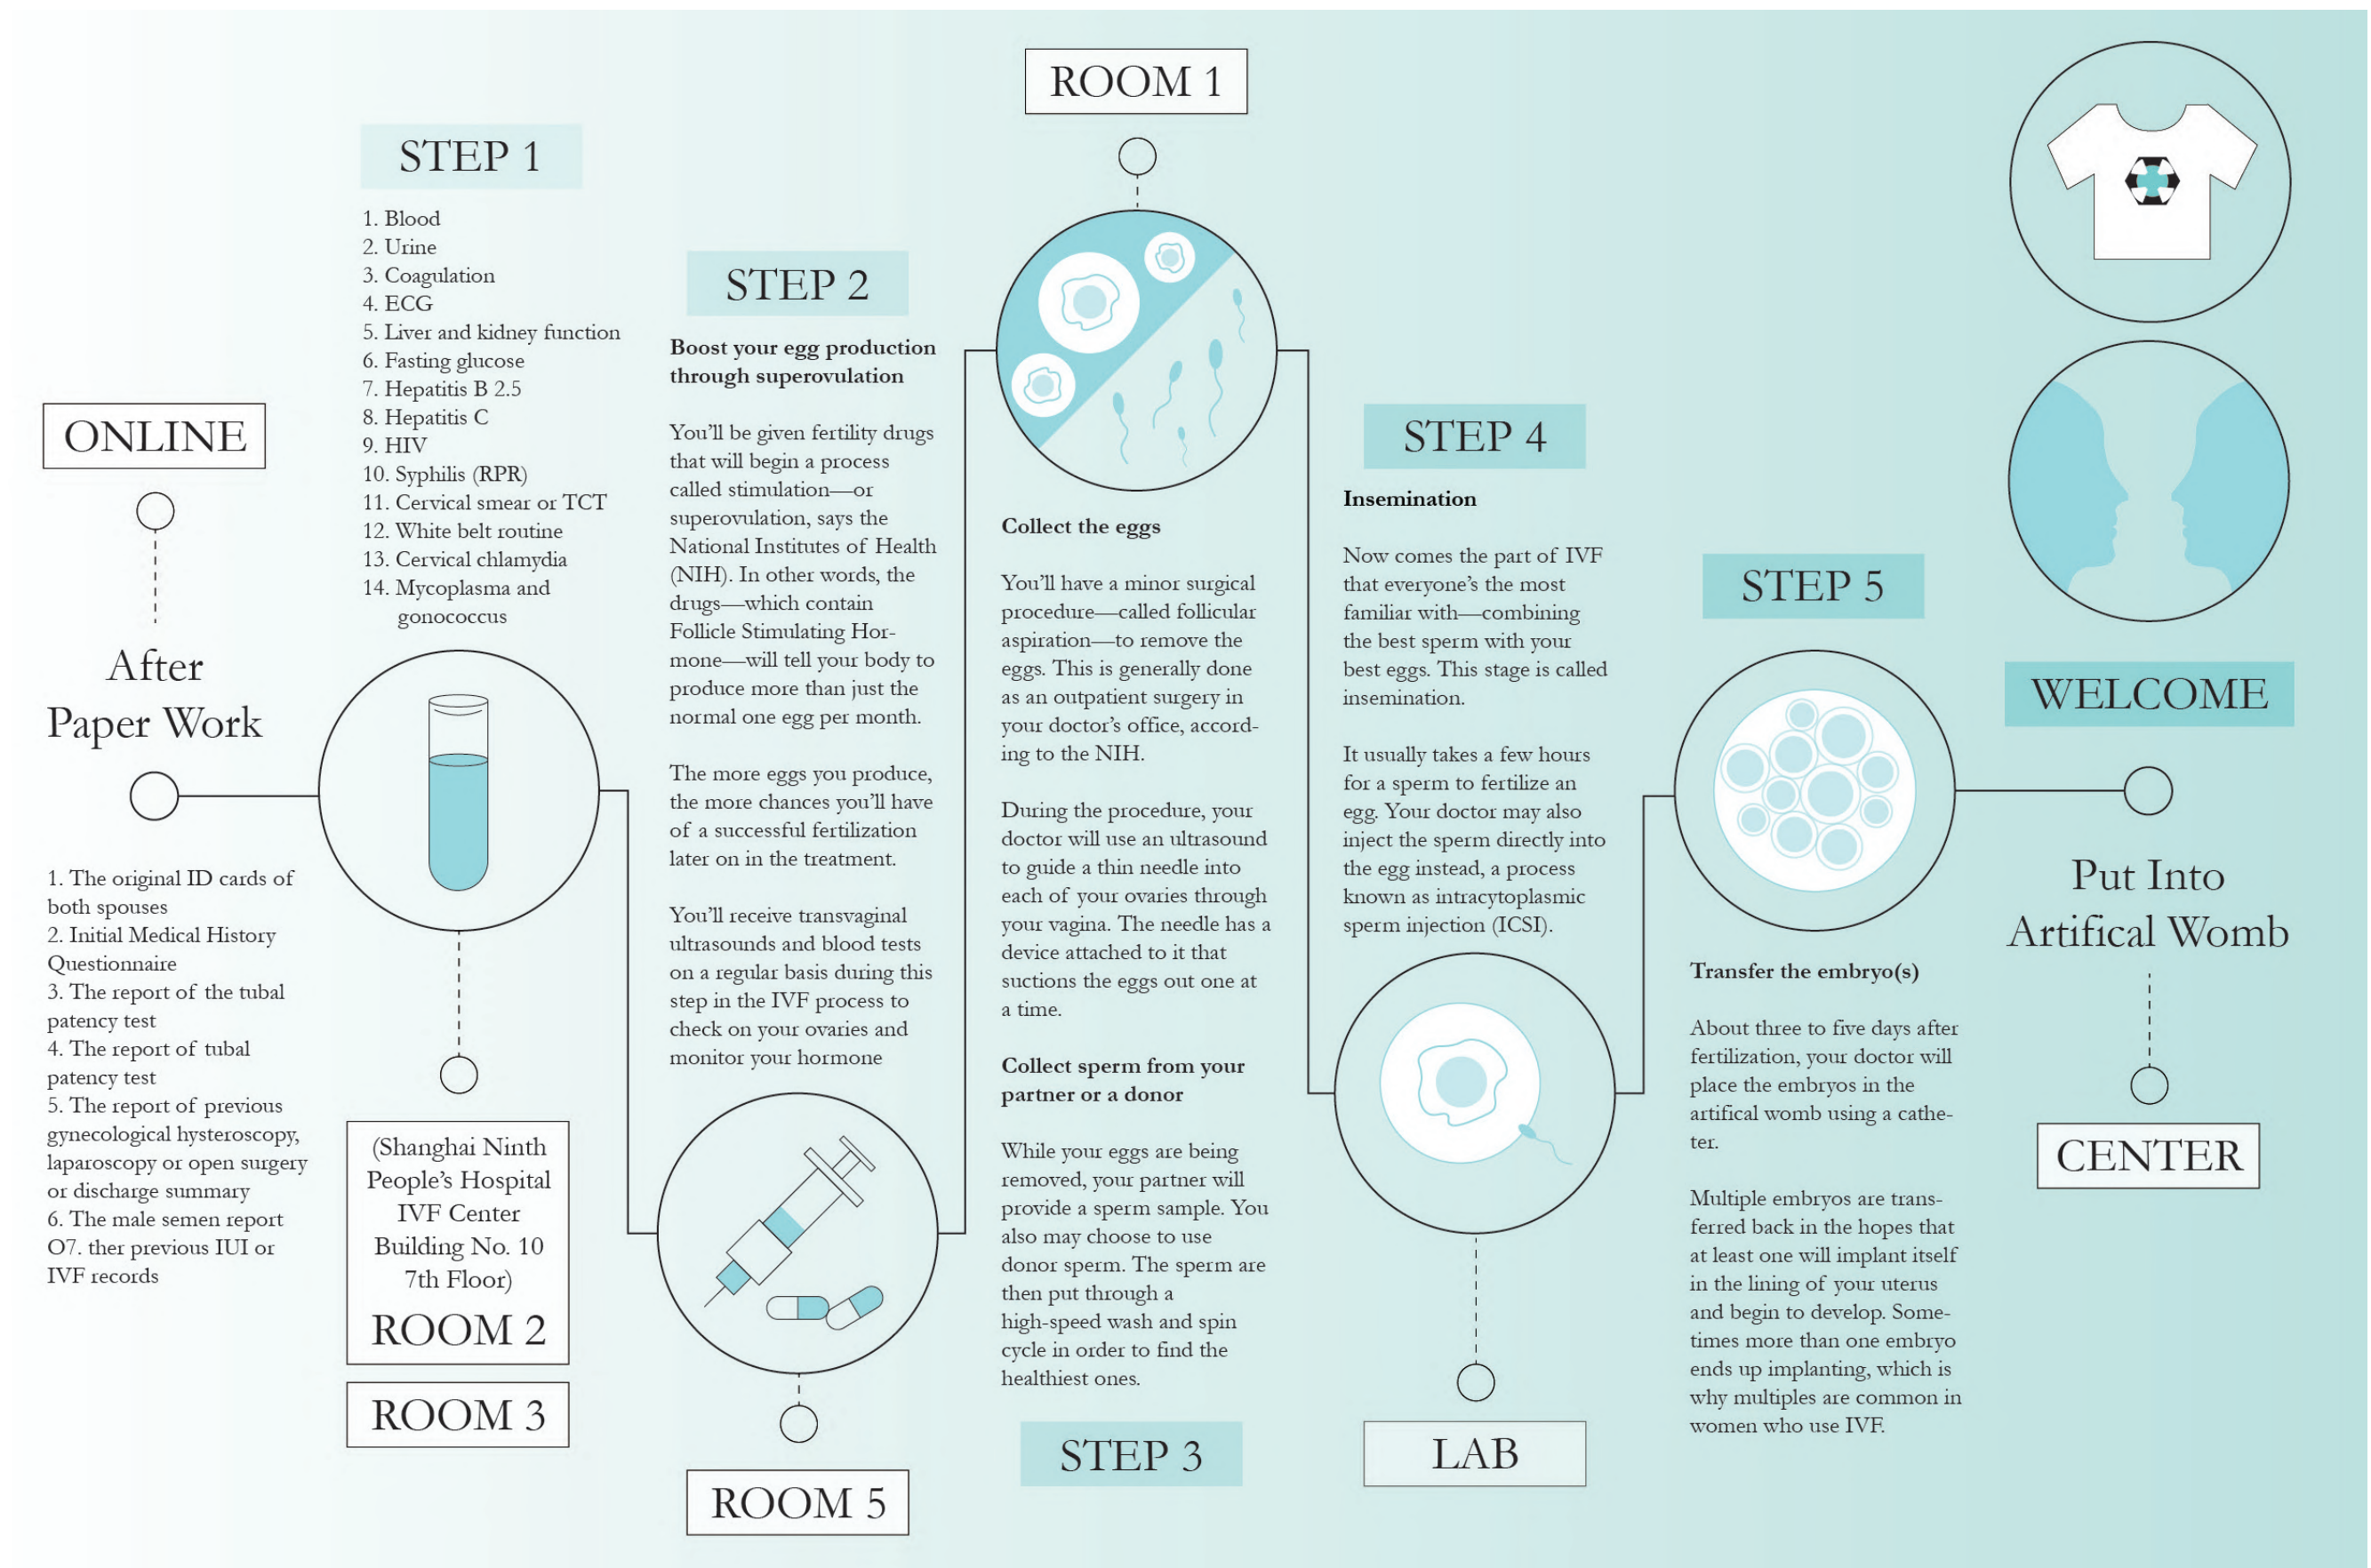

You will be the first to participate, and the country will reward you for your contribution!

*This is a sacred mission,
it will give you all the glory!*
