Cabling with Copper test

Vendor DSD (Direct Store Delivery) Kiosk ELO Install

Technician to provide cabling, and equipment installation services for the 2021 Direct Store Delivery (DSD) Vendor Device Project .Each site will require one new CAT6A cable run to the nearest IDF/MDF. This cable will be terminated in the backroom at a Target PML survey proposed location. PML will have predetermined location. Technician is responsible for installing cable conduit where required for low voltage cabling.

Call into Telaid Service 866-566-4295 to check in and out

Please make sure you have all the appropriate paperwork and tools with you which includes:

- Telaid work order
- Target Letter of Authorization
- Elo 10" Series 4 Vendor DSD Kiosk Install Guide
- Telaid shirt and badge
- Cell phone or tablet with ability to send photos from site

Material Tech will need to provide

Cat 6A White Non Plenum Cable  
1 PORT SURFCE MNT BOX IVRY  
ATLAS-X1 CAT 6A UTP CONNECTOR  
Beam clamps or Jhooks  
VELCRO White and Tywraps for cable management  
Cat 6a Slimline 5' Blue Patch cable

Perform Scope specific labor for this store:

- Inventory material
- Report immediately to Telaid if any of the new equipment is missing or broken
- Locate lift that has been rented on your behalf to complete cabling
- Install 1 Cat6 cable from the DSD Kiosk location to the nearest IDF/MDF
- Install DSD Kiosk and bracket "portrait" to the wall
- Call into Telaid Deployment Support 1-866-566-4295 to ensure validations are complete
