

OREOCEREUS CELSIANUS
“OLD MAN OF THE ANDES”

IDEAL LIGHT

Prefers full sun to partial shade

WINTER HARDINESS

Not frost tolerant - protect from freezing

PROPAGATION METHODS

Cuttings and seed

WATER NEEDS

Water only when soil is dry. Do not water on humid or overcast days.

MATURE SIZE

10 feet tall

ADDITIONAL NOTES

This cylindrical cacti is covered in fine “hairs” that cover it from head to bottom, offering shade and heat protection. Orangish-yellow spikes protrude from around the plant.

This cactus is perfect for container gardens. It can also be planted in your garden, if it's planted in an area that gets plenty of sun.
