NOTES FOR TECHS	JC Carter is the lead tech. His number is 901-848-7387
--------------------	--

**COMPLETION NOTES** Please write check in and check out times.

JOB TASKS	Task Description	Done
	Some of this has already been completed as this is our 2nd visit to site. Rework existing register / PC equipment. and existing cabling. Most of this has been completed. The paging system install will be the primary focus of the night. Pull, terminate and install for 7 speakers / horns using 18/2 wire. There are other components of the paging system to be installed. Please follow the guidance of the lead tech
