# Can You Substitute?

Janice is at the grocery store buying items to do her cooking for the week. She does not want any ingredients left over.

1. Janice needs 1 pt of sour cream. Which sized container should she buy, and how many does she need to purchase?

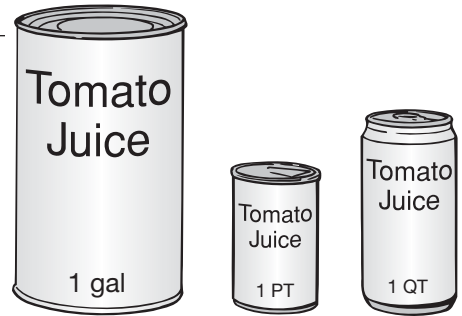

---

---

---

2. Janice needs 16 oz of tomato juice. Which sized container should she buy, and how many does she need to purchase?

---

---

---

3. Janice needs 4 c of skim milk. Which sized container should she buy, and how many does she need to purchase?

---
