

SEDUM MORGANIANUM 'BURRITO'

IDEAL LIGHT

Full sun to partial shade

WINTER HARDINESS

Not cold hardy

PROPAGATION METHODS

Cuttings

WATER NEEDS

Water only when soil is dry

MATURE SIZE

48" tall

ADDITIONAL NOTES

Sedum morganianum 'Burrito' is a beautiful trailing succulent that is perfect in hanging baskets. It has grey-green leaves, and is very easily propagated. Keep away from drafts, although cooler winter temperatures may encourage flowers to bloom in the spring.
