#### LOCATION

Dundee is located on the East Coast of Scotland approximately mid way between Aberdeen (circa 105 kilometres (65 miles) to the north) and Edinburgh (circa 96 kilometres (60 miles) to the south) overlooking the Tay Estuary and has a resident population of circa 155,000 persons and a catchment of some 235,000 persons (Source: Focus).

Dundee is Scotland's fourth largest City and is the regional centre for employment, services and retailing within Tayside.

The City has its own airport with daily flights to London (Stansted) and sits on the main East Coast Railway Line which runs services into London (Kings Cross).

The ongoing regeneration as part of the water front development has been well documented and the proposed construction of the V & A Museum will help establish Dundee as a major regional centre.
