(Education Code section 38133.)

- B. Secure required signatures, information, and applications for use of District facilities;
- C. Determine if applicant is entitled to use of District facilities based upon free use, direct cost fee, or fair rental value fee;
- D. Issue permits to those who qualify if the District facilities are available;
- E. Notify all parties and departments concerned when permits are issued, cancelled, or changed;
- F. Keep adequate records of all uses of District facilities for public purposes;
- G. Insist upon the observance of all rules and regulations as set forth by the Education Code, the Civic Center Act, Board Policies, and Administrative Regulations; and
- H. Revoke permits and deny use of District facilities to any group or organization when violation of regulations occurs.

III. Eligibility for Use

The use of school facilities, or part thereof, by groups, organizations clubs, or associations is predicated upon the adherence to the rules and regulations as set forth by the Board of Trustees. Applications from individuals will not be considered. In general, the subject matter of civic center meetings shall pertain to the recreational, educational, political, economic, artistic, or moral interests of the community. No group or organization, regardless of its character, may interfere with the educational program of the District or the schools.

IV. Scheduling Conflicts, Priority System, and Fees

- A. Once an event/activity has been approved by school administration followed by the appropriate District personnel for use of school facilities as specified on the approved application form, the

requesting group or organization shall have confirmation of the approval of its application and the date and time for the specified facility. Prior to the actual confirmation and approval of the use of school facilities, the system of priorities discussed below shall be consulted. A system of priorities has been established to prevent conflicts between groups or organizations wishing to use the same school property at the same time.

- B. Business Services shall make the final determination as to which group or organization may use the school facilities according to the following system of priorities:

1. **Priority 1**

Activities and programs directly related to the instructional and educational program(s) of the District and District-sponsored organizations, including student body organizations.

2. **Priority 2**

Activities related to the District's adult education instructional programs.

3. **Priority 3**

Events and activities designed to serve the school's youth.

4. **Priority 4**

Use of the facilities for cultural events and activities, supervised youth group activities, and for civic and service groups' activities.

5. **Priority 5**

Use by groups or organizations who do not qualify under the provisions of the Civic Center Act for free use or direct-cost use, but to whom the District may make facilities available for a fair rental value fee.

No group or organization shall monopolize the use of school facilities.

- C. If the school facilities are needed for school purposes, any permit may be cancelled at any time prior to use.

- D. Permission to use school facilities will be granted as provided in Board Policy 1330 and, if applicable, in accordance with the fee schedule in effect at the time the application is approved.

- E. The applicant group or organization is responsible for cleaning the facility by the closing time designated in the permit. Groups or organizations exceeding allocated times of closure will be assessed a fee sufficient to cover excess service costs, as determined by the fee schedule.

V. **Safety**

- A. A Civic Center permit does not necessarily authorize the use of certain school equipment nor the use of any student body equipment. Prior written approval shall be obtained from Business Services in coordination with school administration for the supervision, operation, and payment for the use of any special equipment made available. The group or organization shall

note its request for arrangements to use special equipment on the application prior to its submission to the school administrator.

N. When the permit allows the use of parking facilities, vehicles must be properly parked in designated areas only and in such a manner as to allow fire-fighting equipment clear access to all buildings and fire hydrants at all times.
