13.(c) Any player found to be unfinancial will be deemed unregistered and the team shall forfeit points as stated in By-Laws No. 12(a).

14.(a) No player having been nominated to play for any club, shall be allowed to transfer to another club between the date of such nomination and the completion of the competition for which he is nominated.

14.(b) No club shall have any claim upon the services of any player unless the player has indicated in writing that he is available for that club.

15.(a) Subject to anything contained elsewhere in these By-Laws, new players may be registered at any time. Registration must be in writing and must be forwarded to the respective checkers. The registration must contain the player's full name and details of his past performances, and must indicate his correct order in the team.

15.(b) Correspondence dealing with team changes and registration of new players must be sent direct to the relevant checker who will take action accordingly. If no reply is received within seven days of the postmark (or date of delivery, if delivered by hand), club secretaries can accept that the alterations and/or new registrations have been approved by the Committee.

15.(c) All correspondence, either to the checkers regarding team changes, registration of players, etc. or to the Manager will not be accepted unless signed by the secretary or the acting secretary of the club.

16. A player who has been de-registered during any competition shall only be eligible to re-registration during that same competition provided:

(i) if the player wishes to re-register with the club with which he was originally registered, he obtains the consent of that club's District Committee.

or

(ii) if the player wishes to re-register with a different club, he obtains the consent of:

(a) his original club

and (b) his original club's District Committee

and (c) his proposed club's District Committee, if his proposed club is in a different district to that of his original club.

GRADING OF PLAYERS

17.(a) Clubs must grade all members of each team in their order of merit, and must inform the Committee of such gradings when the entry of each team is lodged. Where two teams are graded in the same grade, the team with the lower number is considered to be the higher graded team (e.g. a club has team No. 3 and team No. 4, both graded C2. The players in the No. 3 team are all regarded as being graded higher than any of the players in the No. 4 team).

17.(b) If the Committee grades two (or more) teams in the one section of a grade (contrary to the club's requested gradings) changes in team personnel between the teams so graded may be allowed at the discretion of the Committee.

17.(c) No alteration of the graded order submitted on the entry forms will be permitted prior to the commencement of the competition. Clubs may alter the graded order of members of teams only once during the course of the competition. The amended order shall be effective from the eighth round and these alterations must be in the hands of the relevant checkers before the commencement of round seven. Team alterations should always be prepared in accordance with the order of merit of players.

17.(d) The Committee shall have the power to decide, and alter the correct order of merit of any player and to accept or reject any alteration to the order of merit specified on the entry form.

17.(e) Should a team fail to play its members in the correct order of merit as last informed in writing to the Committee, then it shall score no points for all rubbers which are played out of order and such points shall be awarded to the

opposing team. This By-Law applies only in instances where rubbers are actually played. (See By-Laws 19 (c) and 19 (d) re teams forfeiting a rubber of rubbers.

17.(f) In the event of any dispute arising over the playing order of any team, the match shall be played under protest, and the Committee shall determine the matter on receipt of the protest in writing from the Club.

17.(g) The Committee shall have the power to accept or reject late registrations, and to decide the order of merit of such late registrations.

FORFEITS AND SUBSTITUTES

18.(a) A player, once graded, shall not play in a lower grade or section without the express permission of the Committee.

18.(b) A player may be elevated to play not more than three matches in a higher grade or section of a grade without penalty. When a player has played four matches in a given grade or a higher grade, he shall not be eligible to play in a lower grade than that given grade or higher grade. (For example: A player is registered in C6; he plays 4 matches in his own grade, 1 match in C4, 2 matches in C3 and 1 match in C2. He has now played four matches in C4 or higher, and so cannot play below C4, if he then plays another match in C3 or above, he will then become ineligible to play C4).

18.(c) If a player plays four or more matches in any grade or grades higher than the grade in which he was originally nominated and subsequently plays in his nominated (or lower) grade then the team will score no points for that rubber and in addition will score no points for any rubber or rubbers consequently played out of order. Such points will be awarded to the opposing team.

18.(d) When a player becomes ineligible for the grade in which he was originally nominated, through promotion, he still retains the last nominated order of merit in his original team as notified to the Committee under By-Law 17 (a) and (b).

18.(e) No player shall be permitted to play in more than one team in the same section of a grade.

19.(a) A registered player may play as a substitute instead of any player who is unable to take part in a match. The players must then conform to their correct grading as notified to the Committee under By-Law 17 (a) and (b).

19.(b) If any team shall receive a walk-over from any other team, it shall be awarded all rubbers, games and points. In the event of a default occurring in any match which has been commenced, the team not defaulting shall be awarded all uncompleted rubbers, games and points.

19.(c) If, before a match commences a team wishes to forfeit a rubber or rubbers, the team must forfeit a number 4 position and the remaining players must play in the correct order viz. position numbers 1, 2 and 3. If it is necessary to forfeit more than one rubber the team must forfeit at No. 4 position first No. 3 position second and so on.

19.(d) If after a match has commenced, a team forfeits at number 4 position then the team will score no points for that rubber. If, after a match has commenced, a team forfeits a rubber or rubbers at positions number 1, 2 or 3 then the team will score no points for the rubber or rubbers forfeited at position number 1, 2 or 3, and, in addition will score no points for the rubber played at number 4 position in the match unless the player or players who have been forfeited subsequently arrive at the Courts prepared to play before play in the last rubber has ceased.

19.(e) In the event of a match being postponed or play suspended until a date subsequent to that on which play commenced, or it becomes necessary to transfer a match to a different venue on the same day, the members of either team shall not be altered as listed under By-Law 23 (b) unless the opposing team captain agrees otherwise.

Rubbers which have been completed shall not be replayed and the results shall stand. If play in a rubber is suspended and played again on a different day or transferred to a different venue on the same day the rubber shall start afresh unless both team captains agree otherwise.

19.(f) Where a forfeit occurs the word "forfeit" is to be written on the result card instead of the name of the player or players who forfeited and the opposing player is to be recorded as winning the match 27 points to NIL. If a player's name is written on the result card, this is a statement that the player or players participated in the match. The player or players claiming the forfeit must be present at the court ready to play otherwise it will be considered that both players have forfeited.

19.(g) Any instance where a player's name (or names) is written on the result card as though the rubber has been played and in fact was not played will be treated as a forfeit and By-Law 19 (d) will apply. In addition such other penalty as decided by the Committee may be imposed.

19.(h) A player may play in one rubber only. After play in a rubber has commenced neither player may subsequently abandon play in that rubber and play a rubber in any other position. Such an occurrence will be treated as a forfeit for the rubbers concerned.

19.(i) In all instances of forfeits the points are awarded to the opposing team and a fine as decided by the Committee will be charged for each rubber forfeited.
