

Editable Resource Information:

Resource : 5th Grade Math Unit

Terms of Use : You have been given the ability to edit the majority of this resource for classroom use. You may not post any portion of this product (even after edited) online in ANY format that is not password protected. You may not post links to your version of this product on your blog or otherwise give it away for free or sell it in any format.

Editing : All of the text can be edited. Headings, copyright information, graphics and the template itself may not be edited. They have been secured into the background of each slide.

What you need to edit : To edit this document you will need to download the following :

- Math Type (The free version works perfectly fine. You'll need this to edit and create your own equations).
 - <http://www.dessci.com/en/products/mathtype/>
- The following fonts (all free for personal use) : You need to download and install the fonts, then completely restart PowerPoint in order for them to be available to you.

Adding Pages : You have the ability to insert additional slides using my backgrounds. For example, if you want to add another Warm Up page, simply select the page you want to duplicate, go up to "NEW SLIDE" on the tool bar. Select the drop down arrow to the right of the "NEW SLIDE" button. Select "DUPLICATE". A duplicate slide will appear. You cannot simply insert a new slide or copy/paste a new slide because the background will not transfer.

Questions : If you have any questions, please email me at lingsayperro@gmail.com
