

Lucy Brydon

Lucy Brydon is an artist living in the North East of Scotland. She divides her time up between arting, teaching in person classes, exhibiting work and teaching in various online classes. Her main love is the Gel plate and she is an artist ambassador for Gelli Arts ® but she also loves to mix it up with mixed media, watercolour and digital art. Her love of texture and layers create hidden depths in a magical fairytale inspired world.

You can find her online here:
