

WELCOME TO WALKING IN YOUR GARDEN OF EDEN

Welcome to Creating your very own Garden of Eden here on Earth. It is time to clear away the cobwebs, to tidy up your Garden and to create a space of peace and tranquillity.

Your time here on earth is short - immensely short - and yet we are all eternal beings living in an existence of infinity, where time does not exist. Yes, you are quite correct, we will not take our physical earthly bodies with us when we leave this planet, but we will be transformed to our former glorious Selves - the very essence of who we are - our Spark of the Divine within us. A glorious part of God. Not one of us is ever excluded from this - whether you believe it to be true or not. Like Albert Einstein said - reality is merely an illusion, albeit a very persistent one. We are all an idea in the Mind of God, so we are all indeed holy. We just need to acknowledge and reconnect with our holiness.

This Program has been designed with Love and in the Flow of Spirit. I have neither added nor subtracted anything that should not be here. I believe this

to be a life-affirming, love-awakening and fear-releasing program, which has been inspired (in-spirited) by the very core of Love itself. This might be a lot to take in, but just go with the flow like I did when I created this Program, and see the changes, endless possibilities and possible truths that you might start remembering once again.

Creating your Garden of Eden is essential to creating a space where you can go to get away from the maddening pace of this elusive world and to find the peace you need to come back to who you are. You will find yourself there.

I would like to say a huge shout out and thank you to my cousin, Azar Breakey, who gave me permission a few years back to use a song of his in my creations. The piece of music is called INNER SPIRIT, by Dreamweavers - <https://soundcloud.com/dreamweavers-2>. I hope that it brings you as much joy as it does me. Thank you Azar for your kindness in letting me use this perfect tune for all my work. I love you.
