

ADROMISCHUS MACULATUS
'CALICO HEARTS'

IDEAL LIGHT

Prefers bright indoor light

WINTER HARDINESS

Not frost tolerant - protect from freezing

PROPAGATION METHODS

Leaves

WATER NEEDS

Water only when soil is dry. Sensitive to over-watering

MATURE SIZE

8 inches tall | 8 inches wide

ADDITIONAL NOTES

This grey-green succulent has flat oval leaves with purple spots. It is a great succulent for beginners, and does well indoors with bright light.

Watch for white, tube-shaped flowers in the Summer, although it rarely blooms indoors.
