## THE MEATBALL SHOP: D.C. GRAND OPENING

**The Meatball Shop** is excited to announce that it's doors are opening in D.C. The Meatball Shop serves the best meatballs in the world with a mix and match menu utilizing sustainable and natural ingredients whenever possible. Menu highlights include seasonal veggies, market driven salads, sandwiches, handmade ice cream sandwiches, craft cocktails and an approachable wine program. To celebrate their opening, they're partnering with some favorite city locals to create exclusive menus offerings, including: Cotton & Reed: Their two beverage teams combined forces to shake up The Mellow Ball, crafted with Mellow Gold Rum, Campari, strawberry and lime. It's available all month long for \$12. And José Andrés: Their chefs joined up to introduce Bienvenidos Balls. The balls are made with fresh Iberico meat, Manchego cheese, garlic, onion, paprika and other spices, and served on slider buns with piquillo pepper confit and a specialty aioli. Served as a trio for \$10, a portion of all proceeds from Bienvenidos Balls will go directly to José's charity, **World Central Kitchen**. The dish will be on the menu for their first two weeks of service.
