Java Programming AP Edition

INTRODUCTION TO AP COMPUTER SCIENCE

ERIC Y. CHOU, PH.D.   IEEE SENIOR MEMBER

Welcome to AP Computer Science Course

Welcome !!!

Bio-Data for Instructor

Name: Eric Chou

Education: B.S. in Computer Sciences and Engineering, National Taiwan University

M.S. and Ph.D. in Electrical Engineering and Computer Sciences

from University of Southern California

Work Experiences: Hewlett Packard Labs. And Startups.

Other Experiences: IEEE Senior Member

ACM and other Professional Organization Membership

Teaching Philosophies

Use Engineer teaches Engineer style

   (IDEA Cycle: Investigation, Design, Evaluation, Analysis)

Learning Programming by Doing Programming

Clear your mind. Visualize your programming idea. If you don't see it working, you can write it.

Programming is a sport. Practice makes perfect.
