## The Top 30 Sandwiches in NYC

### *Happiness Lies Between 2 Slabs of Bread*

November 3rd, 2015

The sandwich...it's Joey Tribbiani from *Friends*' favorite meal, it's the reason Ross lost it that time post-Thanksgiving, heck Miranda from *Sex and The City* almost *slept* with a sandwich; and let the record show the only pickup line that sandwich had to say to sweep her off her feet was: "Eat me."

What does this all prove? It proves that **the sandwich** is absolutely, unequivocally awesome; a fact we often forget during the warm months when we feel like assholes if we don't order a salad for lunch. But once it gets cold out **we convince ourselves we need carbohydrates** to coat our bones and keep us warm like a bear in hibernation (forget the fact that we have heaters). Therefore we return to our beloved sandwich with the same zeal we'd usually reserve for news about an engagement, or hearing that we've just won the Powerball. Above are our thirty sandwich picks for the season, so go order them before they sell out (because yeah, we're that cool)...
