Scope of Work:

|||||SOW|||||

Tech is required (- Site Survey & Quote)

Scope:

We are upgrading our customer from their T1s, and we will need a Demark Extension. While on site we will also want to confirm if there is or is not space for our new routers. They only officially need 1U worth of space but 2 would be optimal and we would like the tech to capture this info.

Customer requirements are as follows:

- Technician is required to provide the material, and labor costs.
- Tech will be required to be able to complete the full SOW upon approval of the work.
- Complete survey and collect all details
- Log out with Tech Americas 281-668-3211

(Collateral)

1. Customer signed work order
2. Survey assessment
3. Site survey and Quote (within the next 24 hours after dispatch).
4. Site Photos
