

Study Plan: Lecture Hello World !

Reading:

chapter1.pdf (covers 4 lectures from Hello World Lecture to Javadoc Lecture).

Programming Exercise (LabChapter01 directory):

1. (Print a table) Write a program that displays the following table (TruthTable.java):

A		B		A and B
F		F		F
F		T		F
T		F		F
T		T		T

Guide Line:

- 1.1 Create a new class and main method just like HelloWorld.java
- 1.2 Copy the pattern into the file TruthTable.java
- 1.3 Enclosed the table into six line of code with
- 1.4 `System.out.println("One Table Row Here");`
- 1.5 (Sample Answer TruthTable.java, please work on yourself before download the sample)
