If you're a meat-eater that resides anywhere in New York City, chances are you've enjoyed some of the tasty meatballs at one of the six locations of the Meatball Shop. Those who happen to love their meatballs as well as Vans sneakers are going to want to pay attention, because now you can order up their latest collaboration together, this [Sk8-Hi](#). The classic Vans model features the iconic checkerboard motif with animated meatball graphics across the quarter panels, with black suede taking care of the rest. The Meatball Shop x Vans Sk8-hi is available right now in unisex sizing from the Meatball Shop's [online store](#).
