

RHIPSALIS CEREUSCULA
CORAL CACTUS

IDEAL LIGHT

Filtered sunlight

WINTER HARDINESS

Not frost tolerant - protect from freezing

PROPAGATION METHODS

Cuttings

WATER NEEDS

Water only when soil is dry

MATURE SIZE

2 feet tall

ADDITIONAL NOTES

This shrubby cactus is perfect for indoor-growers! Its bright green stems are not pokey, but grow long and thin, spilling out over the edge of container gardens.

The tips will turn reddish when touched with cold. Be careful where you place it indoors - too much sunlight can burn the leaves.
