or To Let**

## Yare House

### Location

The site is prominently positioned at the junction of Morton Peto Road and Edison Way in the centre of the established Gapton Hall / Harfreys Road Industrial Estates. Nearby occupiers include Proserve, Moughton Engineering, Scantech, Expro and Baker Hughes.

The A12 is easily accessible providing links to Great Yarmouth town centre (1.5 miles north east), Lowestoft (10 miles south) and Norwich via the A47 (24 miles west).

Great Yarmouth is a significant energy business centre with strong links to offshore gas, oil and the emerging wind energy sector. The Port is close by with access to portside operations within 0.5 miles. The Outer Harbour operated by Peele Ports offers a deep water facility.

### Description

The property comprises two separate properties – **Yare House and Waveney House** – which are joined by a large concrete yard. The lots combined offer a fully enclosed facility however the reinstatement of a dividing fence and the existing separate services means that the two properties are able to be offered separately or together.

### Lot 1 Yare House

This is the largest part of the facility providing a 3 storey brick built office building together with an adjoining 2 storey prefabricated office building which both wrap around a traditional steel portal frame industrial workshop unit.

The Brick office building was built in 1997 and provides the main reception facility which is security protected operating a swipe card system. A lift and stairs from the reception provide access to all floors. The offices provide a mix of open plan and cellular space with carpets, perimeter IT trunking

(fed by a large Server room), suspended ceilings with inset lighting and air conditioning units. Toilets, canteen and kitchenettes are provided.

The prefabricated building built 1989 offers two floors of open plan/cellular space to a similar specification. This space is linked to the brick built office.

The workshop is accessed by full height roller shutter doors to the side and rear with pedestrian links to the offices. Various laboratories and secure areas have been installed with a side lean to canopy which has been converted to expand the workshop. The unit has a minimum eaves height of 6.1m.

### Lot 2 Waveney House

This is a 2 storey detached office building originally a brick built building with a later pre-fabricated extension built in 2014. The building has its own access and parking direct from Morton Peto Road.
