SERVICE DESCRIPTION

Photo Lab Survey for adding Printers

CVS ServiceNow number : INC10570864

Follow steps in the CVS Redbook. This is a requirement for payment. Failure to follow the redbook may result in delays or penalties in payment.

- Call the ROC to check in as soon as arriving on CVS property.
- Survey the Photo Lab for placement of a CX3240 Duplex Printer, P6000 Poster Printer or both printers. Validate there is enough space for the printer. Tape off floor where printer(s) will sit with floor marking tape. (Painters tape or masking tape required)
- Confirm if there is a network connection for the printer(s). If none is available call the ROC and work with them for placement of a new data cable or extended patch cord. Run a new cable if needed.
- Confirm if there is power for the printer(s). If none is available call the ROC and work with them for placement of a new power extension.
- Take picture of taped off floor space, network connection and power receptacle. Send them to the ROC and upload to Telaid.
- Call the ROC to checkout and obtain a release code.

In the event there is no data cable/jack available, a cable will need ran from the proposed printer location to the switch in the photo lab. We do not run a cable to the office switch unless otherwise directed. Cables will be terminated to orange Ortronics jacks and housed in a 2 port SMB or 6 gang face plate with blanks. These materials will be onsite or prearranged to be in your possession. If you are uncertain if a cable needs ran please contact a Project Manager.

Please make sure you have all of the appropriate paperwork with you which includes:

- Telaid work order
- CVS Redbook (updated version)
- CVS LOA (Letter of Authorization)
- Telaid shirt and badge
- Cell phone with ability to send photos from site

Tech will need to check in via Labor Platform App and Call into CVS ROC

• CVS ROC 1-888-401-4601 (Opt 5, Opt 1) to check in and out of site. ***VERY IMPORTANT*** Time onsite is determined by checkin and out times with the ROC as well as Telaid. Please call both if you want to get paid.

If any questions other than Tech Support. Contact Anthony Farrell at 860-439-7335 or email cvspt@telaid.com
