

HAELO HOSTS '16

10th - 11th NOVEMBER 2016

Are you a leader who wants to positively influence the delivery of public services, restore hope and become a powerful agent for change? Haelo Hosts is the event for you.

Be inspired to dare greatly

Haelo Hosts is a unique experience, bringing people together to challenge thinking and inspire their actions. Our 2016 conference will bring together those with a will to positively influence the delivery of public services, restore hope and become an agent for change.

Held at **The Lowry, Salford Quays on Thursday 10th - Friday 11th November**, Haelo Hosts '16 will celebrate those that dare greatly. We will showcase the amazing stories of people who have made improvements through bold, adventurous and fearless actions.

We'll hear from people across different industries who are daring greatly, including **Michael Woodford MBE** and paralympian **Martine Wright**. They will share their experiences and learning, shining a light on how they break down barriers to improvement and showcase practical examples.
