# RECOMMENDED REFERENCE

The screenshot shows a web browser window with the title "HTML Arrow Symbols, Entities and Codes — Toptal Designers". The header includes navigation links for "HTML → by Toptal Designers", "Arrows ↑→", "Currency \$¢", "Letters AØ", "Math %+", "Numbers 1¼", "Punctuation &—", and "Symbols ©™". Below the header is a green navigation bar with social media icons for Twitter, Facebook, and Google+, a search bar, and buttons for "GRID" and "TABLE". The main content area features a large title "HTML Arrow Symbol, Arrow Entity and ASCII Arrow Character Code Reference". A descriptive paragraph explains the website's purpose: "HTML Arrows is a comprehensive reference website for finding HTML symbol codes and entities, ASCII characters and Unicode hexadecimal values to use in your web design. Browse in grid or table format, search for HTML symbols, and check out Toptal's professional designers' blog for digital design insights, from detailed design tutorials to in-depth coverage of new trends, techniques, and technologies. Or just keep scrolling to find your favorite HTML arrow symbol, arrow entity, Unicode and ASCII arrow character codes." Below this text, there are eight categories of arrows: LEFT ARROW, UP ARROW, RIGHT ARROW, DOWN ARROW, LEFT RIGHT ARROW, UP DOWN ARROW, NORTH WEST ARROW, and NORTH EAST ARROW. Each category has a corresponding white arrow icon on a dark blue background. Below each icon is a horizontal line with two entries: the first entry is the "UNICODE" value followed by the "HTML CODE" (e.g., U+02190 and &#x2190;) and the second entry is the "UNICODE" value followed by the "HTML CODE" (e.g., U+02191 and &#x2191;).

Category	UNICODE	HTML CODE
LEFT ARROW	U+02190	&#x2190;
UP ARROW	U+02191	&#x2191;
RIGHT ARROW	U+02192	&#x2192;
DOWN ARROW	U+02193	&#x2193;
LEFT RIGHT ARROW	U+02194	&#x2194;
UP DOWN ARROW	U+02195	&#x2195;
NORTH WEST ARROW	U+02196	&#x2196;
NORTH EAST ARROW	U+02197	&#x2197;
