Ugan Pillay was appointed as SA Captain of the 16 & Under girls (Junior Fed Cup qualifying) in the African Junior team Championships in Tunisia – qualifying event for the World Junior Teams' Events – Summer 2017. He had this to say : “ The girls u16 put in a great performance throughout the tournament. We had some great wins. The teams were tough and the matches we did lose were all very closely contested, and we take confidence from that as our girls fought for everything. The confidence and self belief is there. More exposure to clay court events will most definitely see us compete for 1st prize. There are also aspects of their individual games which I'm sure they'll improve once they get back home to training. Team spirit and discipline was also fantastic. The tennis courts and venue was great to play on. It was so convenient being so close to our accommodation which was in itself also brilliant “

Ugan

An apple and an orange signed up for a tournament. No one was surprised to learn they were both seeded.  
Chat again soon. Kim.
