SERVICE DESCRIPTION

Tower Install FIRM ETA

Once on-site please check-in/out with Telaid PC Max Seymour at (440)344 - 5758

Install Locker Towers in Apartment Complexes

-Number of Towers: 1

Using site plan install lockers into desired locations.

Check in to 866-566-4295

1. Access area - if area does not match floor plan - see if you can design a new floor plan on the graph paper provided in your packet)

Contact PM if any discrepancy in floor plan and area

2. Determine where and how you can install angle brackets to secure towers. If plans match you can start marking out the locations for installation.

3. REMEMBER - Do NOT HELP the Delivery Team moving the towers. Contact PM immediately if ANY damage to any of the towers.

The movers must place the towers in the space of the install (16" away from back wall)

4. Inventory all parts needed for tower install as listed in you packet. - Contact PM with any discrepancies

5. Install towers

6. Test configure towers to ensure proper installation

7. LEVEL TOWERS - a height of 1/32" between cabinets is acceptable anything else will be rejected.
