

# How to compete

Competing in Venture Cup competitions is simple. Follow the steps described below and you're in!

## How do I compete?

You can find all the information in this [Video](#).

**Step 1:** Register your business idea here at Venture Cups digital competition platform.

**Step 2:** Describe your idea with a maximum of **1500 words**. If you want, you can add a **60 seconds** video pitch and a maximum of **3 pictures**, or a mix of these. Videos and pictures are optional but we recommend it.

**Step 3:** Don't forget that all team members need to be registered in the competition entry (a guide for this can be found in Document).

**Step 4:** Decide if you want your information public, or only for our jury.

**Step 5:** Sit back and wait for guaranteed feedback from our network of industry experts. But don't forget that you can change your contribution after your feedback, all the way until the deadline, this way you can make your contribution better before the jury sees it.

**Step 6:** Wait for the call if you are one of the winners of IDEA

Contact a VC coach if you have any questions about your application.
