## Bio:

Former World Champion Rachael Grinham is one of the most recognisable names on the PSA World Tour. She showed her pedigree from a young age, winning the World Junior Championship at the age of 16, before she breached the world's top 20 four years later.

2001 saw Grinham break into the top ten in the World Rankings and she participated in the first family final ever on the Tour, defeating sister Natalie to claim the Kuala Lumpur Open title. Two years later, Grinham won the prestigious British Open for the first time by defeating Cassie Jackman in the final and she retained the title in 2004 while rising to the World No.1 spot.

Grinham was superb in the 2004/05 season and kept her World No.1 ranking for 16 consecutive months. 2007 was Grinham's finest year as she gained revenge on David in the final of the British Open, coming back from 2-0 down to lift the event for the third time. Shortly afterwards, she bested her sister yet again to win the World Championship for the first time.

Injury struck later on in her career as she missed a large portion of the 2010/11 season through injury as she slipped out of the world's top five. She lifted the Victoria Open in 2013 and the Women's Squash Week and Caboolture Open titles followed a year later. She narrowly missed out on retaining the Women's Squash Week in March 2015 but she lost out in the final.

# RULES

- A match consists of the best of 3 games in doubles and the best of 5 games in singles to 11 points
- Every time there is a serve, there is a point scored
- After the ball hits the front wall, it is allowed to bounce once on the floor before a player must return it.
- The side winning their rally adds the point to their score
- The player who scores 11 points first wins the game except if the score reaches 10-all, when the game continues until one player leads by two points
- The server, on winning a rally, scores a point and retains the service
- The receiver, on winning a rally, scores a point and becomes the server

## Points are awarded if, during the course of play:

1. The receiver fails to strike the ball before it has bounced twice
2. The receiver hits the ball out (either on or above the outline, or on the tin) or misses the front wall
3. Interference resulting in a stroke, i.e. point to the obstructed player

## JARGON

- **Boast** - a shot hit to the near sidewall before it hits the front wall.
- **Drive** - a typical groundstroke, usually hit for good length.
- **Drop** - a shot hit short, usually not too high above the tin.
- **Game** - Each game is played to 11 points, except that if the score reaches 10-all, the game continues until one player leads by 2 points.
- **Get** - a difficult retrieval of an opponent's shot. Often heard in the complimentary phrase 'nice get'.
- **Hot ball** - when the squash ball has physically warmed up from being struck. It is bouncier in this state.
- **Kill** - a hard-hit shot that ends a point definitively.
- **Lob** - a ball hit so that it travels high in the air after hitting the front wall.
- **Nick** - a ball that hits the crack between the floor and a wall once it bounces off the front wall. This is usually a winner.
- **Reverse** - a ball hit into the opposite side wall before it reaches the front wall.
- **The tin** - a barrier across the lower part of the front wall. All shots must contact the front wall above this barrier to be good.
