

The Roman Empire, About 117 C.E.

The Roman Empire Geography Challenge
Use pages A14-A15 in your textbook.

1. Locate and label the Mediterranean Sea. How might this sea have affected people's lives in ancient times?
2. Locate and label the Alps and the Apennines. How might the mountain ranges have affected people's lives in ancient times?
3. Locate Rome. Highlight it.
4. Locate, label, and highlight Constantinople. What continent(s) is it located on/near?
5. Look at the location of Italy. How might this location have helped the Romans control trade in the Mediterranean region?
