

ANACAMPSEROS
TELEPHIASTRUM VARIEGATA
‘SUNRISE’

IDEAL LIGHT

Partial sun to partial shade. Can tolerate indoor growing.

WINTER HARDINESS

Not frost tolerant - protect from freezing

PROPAGATION METHODS

Cuttings or seed

WATER NEEDS

Water only when soil is dry

MATURE SIZE

6 inches tall | 6 inches wide

ADDITIONAL NOTES

This variegated succulent has pink and green leaves. As the rosettes grow, they can creep outwards as a mat in rock gardens, or in container gardens it trails over the edge, making it great “filler or spiller.”

‘Sunrise’ is a slow growing succulent. Excellent for a small succulent container garden for an office. Watch for pink flowers in the summer.
