

## And the Meat Goes On

Not only did Pete Wells [get all love-struck](#) by the meatball parm [grinder](#) hero in today's chipper review of Parm, but now Grub Street hears [the Meatball Shop boys](#) are on a plane en route to film a Super Bowl meatball segment on *Chelsea Lately* that will air this Thursday. Can someone say "Chewy"? (Okay, he spells it "Chuy.") Hope vodka works well with that.

Dan and Michael bring meatballs to E!
